

# Logo Guidelines

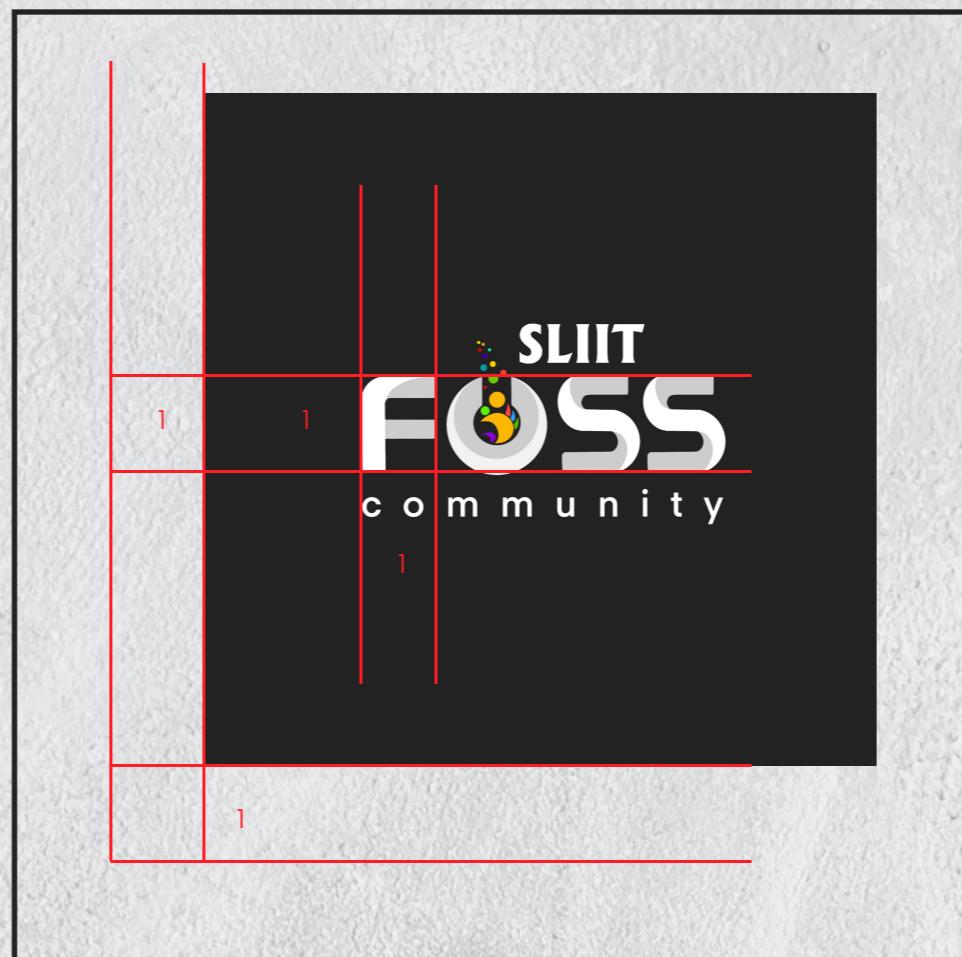

## Usage

If you're going to use our logo, follow these guidelines.

### Full-color logo on #222222

We'll usually ask you to use the full-color version of our logo on a #222222 background.

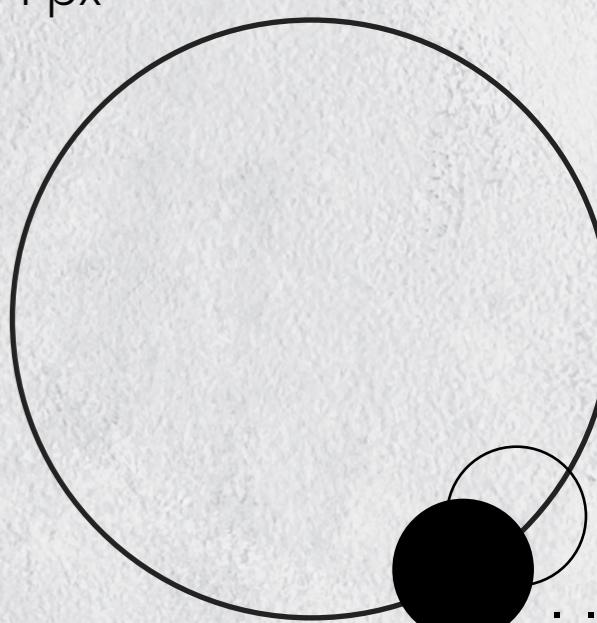

### Clear Space

The amount of clear space around our logo should be equal to or greater than the height of the "F" in FOSS.

### Minimum Size

The minimum size for screen application of our logo is 144 x 144 px

## Incorrect Usage

To maintain consistency of our logo, never do any of the following.

Don't use an out-of-date version of the logo.

Don't change the font colors.

Don't change the background color.

Don't lock up the SLIIT FOSS logo with your own logo.

Don't change the original logo with brightness and opacity.
